

PRANAY DUMBHARE

Software Engineer | Java, Spring Boot, Microservices & Performance Engineering

+91 77440 24976 | pranaydumbhare1006@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Pune, Maharashtra

Experience

Oracle

Jul 2023 – Present

Software Developer – Banking Origination Team

Pune, Maharashtra

- Developed Java and Spring Boot microservices and Oracle SQL-backed APIs for Retail Deposits and Retail Lending, streamlining loan processing and CASA onboarding with cross-functional teams.
- Built an end-to-end, GenAI-assisted credit-scoring workflow using credit bureau reports, reducing account-opening turnaround time by **60%** versus manual processing.
- Led OBO and OBDX performance engineering as SPOC, using JMeter and Zipkin to diagnose bottlenecks and reduce targeted API response times by **60%**.
- Built reusable OpenAI Codex skills and plugins to automate performance-engineering workflows, deployment-script generation, log analysis, and developer tasks, reducing repetitive manual effort.
- Developed an automated testing framework across **17 services**, integrating unit and service-level API tests to reach **80% coverage** and strengthen code reliability.
- Automated microservice deployments and proactive monitoring through Jenkins CI/CD pipelines, cutting software delivery cycle time by **75%**.

Oracle

May 2022 – Jul 2022

Application Developer Intern – Leasing and Lending Team

Pune, Maharashtra

- Reduced query response time by **30%** by prototyping indexing and query strategies with Apache Lucene and GraphQL.
- Authored technical documentation for the prototypes to support knowledge transfer and future team onboarding.

Skills

- **Languages:** Java, SQL, Python, JavaScript.
- **Backend & APIs:** Spring Boot, Microservices, Oracle SQL, GraphQL, Apache Lucene, Generative AI (GenAI), Swagger/OpenAPI.
- **Cloud & DevOps:** Oracle Cloud Infrastructure (OCI), Amazon Web Services (AWS), Git, Jenkins, CI/CD, Linux.
- **Testing, Performance & Observability:** Unit Testing, API Testing, Postman, JMeter, Load Testing, Zipkin, Grafana.

Projects

Serve.Eco - Environmental Community Platform

May 2025 – Jul 2025

- Built a Supabase-backed platform for eco-community creation and sustainability event coordination.
- Implemented marketplace and blogging modules for eco-friendly product listings, purchases, and community-authored environmental content.

Education

Visvesvaraya National Institute of Technology (VNIT), Nagpur

Jul 2019 – Jun 2023

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 8.61/10.00

Publications

Hybrid HoVer-Net

2023

Computer Vision & Image Processing (CVIP 2022), Springer

[Publication](#)

- Co-authored a hybrid deep-learning method for the CoNIC challenge, achieving **91%** colon-nuclei segmentation accuracy, a 3% improvement over baseline.

Achievements & Leadership

- Earned Oracle's **Pacesetter Award** for team contributions as its youngest recipient. ([Certificate](#))
- Co-founded **Vaneesha Rise Foundation** and led tree-planting and cleanup drives in Pune.
- Mentored underprivileged children through Avanti Fellows, providing academic guidance.
- Coordinated **VNIT ECE** placement activities, employer engagement, and recruitment operations.
